RE: JAHAM
ESPIONAGE - R

An official of the Washington Gas and Light Company was called as a defense witness on December 28, 1949 and testified that the records of the Washington Gas and Light Company show that the gas at the residence of GEORGE ROUHLAK at the P Street address was turned off on January 10, 1938 and the meter was taken out on May 9, 1938, it being noted that no gas was consumed from January 10, 1938 to May 9, 1938.

AUSA URPIK requests that ROUHLAK be immediately contacted to determine if he can recall if this was a fact and to inform as to how they heated the house and cooked their meals during the time that he and the CATTLETT family lived there.

Re: JAHAM

At 9:35 this morning [REDACTED] called to advise that she read in this morning's papers that yesterday ALICE HISS testified that he had spent the Christmas of 1936 (1937, she thought) with "Mrs. HISS' brother at Chappaqua, New York.

[REDACTED] Mrs. JOHN COX, who resides at 51 East 97th Street and who presently can be reached in care of H. RITH OELLER, 104 East 23rd Street, Huntington Station, Long Island, New York, telephone Huntington 5397, formerly ran a small school at Chappaqua and was very intimate with the FAISLER family. She said that if we desired to check to verify HISS' story about spending the Christmas in Chappaqua we might desire to contact "Mrs. COX, who should be in a position to corroborate or deny HISS' allegation.

[REDACTED] further advised that she was formerly associated with Mr. FAISLER when she was married to FAISLER, that [REDACTED] she alleged one time she heard of Mrs. FAISLER being a Communist. [REDACTED] advised that Mrs. COX told her on one occasion that, to say the least, the whole group, meaning the FAISLER - HISS crowd, was "slightly tinged with red." 65-14740-108

The Washington Field Office is requested to interview Mrs. HENRY H. This matter should receive immediate attention in view of the fact that rebuttal witnesses for the Government will probably be called during the week of January 2, 1950.

On both direct and cross-examination today Priscilla Hiss testified that she worked as a food server and a helper in a Socialist meeting hall that was located on the west side of Broadway between 120th and 125th Streets in New York City. She also testified that she attended meetings and made some contributions but particularly assisted in the serving of foods to "numerous unfortunates".

Victor Lasky, a staff writer for the World Telegram, advised Mr. Murphy today that he had talked with Julius Gerber today, a former City Secretary for the Socialist Party, and Max and Bob Dolson attorneys in New York City. The above mentioned people informed him that they have no recollection that any such establishment was maintained by the Socialist Party (in 193132, as testified to by Priscilla Hiss). Mr. Murphy suggests that Gerber and the Dolsons be located and interviewed in connection with the allegations made by Priscilla Hiss. Lasky had no indication of the addresses of the above mentioned people but stated that they could all be located in the Brooklyn and New York City directories.

On the morning of January 4, Mr. Obendorff of the Washington Field Office called to advise that he had been unable to locate two of the witnesses scheduled to appear here today in the HISS trial. Consequently, he was unable to hold up their appearance and they will be in New York today. Their names are HEBE and HENRI. I advised him we would take care of them here.

Mr. Obendorff further advised that Mrs. FRANCES BOOTH, a scheduled witness, is a widow with four small children and has no money to travel. The United States Marshal in Washington, D. C. will advance her funds on the telephonic request of AUSA Murphy. Mr. Obendorff requested that Mr. Murphy call Chief Deputy Marshal Ward at District 2854 and that we notify the Washington Field Office when this is done so that they can bring Mrs. BOOTH to the Marshal who will advance her funds so that she can appear as a witness on January 5.

The above information was furnished to Supervisor Tuohy for appropriate action.

Re: JAHAM

At 4:00 p.m. this date the writer advised Supervisor Oberndorf of the Washington Field telephonically that GENEVA BOOTH would not be required as a witness in this case today or on January 5, but probably would be used on January 6. Oberndorf was requested to furnish this information to the U. S. Marshal's office in Washington and also to advise the Marshal that arrangements would be made, if at all possible, for Mrs. BOOTH to be present in New York as a witness in such a way that her family would not be inconvenienced by her appearance in New York. Oberndorf was further advised that this office would telephonically communicate with him on January 5 to furnish additional details in this connection.

RE: JAHAN

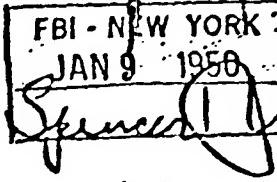

On the morning of January 9, 1950, Mr. Hennrich of the Washington Field Office called relative to our request for information regarding the passport application in 1928 of Dr. CARL L. BINGER.

Mr. Hennrich advised that this passport application was #597734. It was good for four years. The applicant said he wanted to visit Holland, Germany, France, Italy, Czechoslovakia, Denmark, Belgium, England for scientific study and travel. He expected to depart from the Port of New York on the Nieuw Amsterdam on July 28, 1928 taking with him his wife and child.

In 1948, he secured a new passport rather than renewing the old one. Mr. Hennrich advised that in the event we need further information regarding these passports, the Washington Field office will be glad to secure it.

At 10:10 a.m., January 9, 1950, the writer telephonically contacted ASAC Joe Santoiana of the New Haven Office. Mr. Santoiana was requested to check his indices on HENRY RABINOVICIUS, a possible defense witness. He was also requested to conduct a credit inquiry at Westport, Connecticut, in which town RABINOVICIUS reportedly maintains a home. In the event RABINOVICIUS' home address was ascertained, Santoiana was requested to make a discreet inquiry to determine the present location of RABINOVICIUS.

Mr. Santoiana checked his indices and advised that the New Haven Division had no record for RABINOVICIUS. He stated that the results of the other investigation requested would be telephonically communicated to this office.

In connection with a lead outstanding in the New Haven Division in this case to interview Colonel TRUVAN SVITH, Mr. Santoiana indicated that to date they had not been able to locate him, but expected to interview Colonel SVITH some time today.

Re: JAHAN

SA T. G. Spencer advised that HENRY RABINOVICIUS might be a possible mystery witness after the two doctors. This individual resides at 115 East 90th Street and also has a residence in Westport, Connecticut.

The New York Telephone Directory lists a HENRIKAS RABINAVICIUS living at 115 East 90th Street, telephone number SA 2-8778. His business office is 527 Fifth Avenue, TU 7-0200. The telephone directory also lists an address at Green Farms Road, Westport, Connecticut, Fairfield 9-1203.

Inquiry at 527 Fifth Avenue revealed that RABINAVICIUS was associated with the Lambert W. Hupplar Company, successors to the C. P. Dawson Company. This company had offices in Room 301 of this building. Pretext inquiry revealed that this company is an insurance agency and L. W. Hupplar is associated with the New England Mutual Life Insurance Company, Room 300, 527 Fifth Avenue. A pretext call made to the office of the L. W. Hupplar Company revealed that RABINAVICIUS was in the office. This information was obtained from the switchboard operator.

The files of the Credit Bureau of Greater New York were checked by Special Employee Ralph Murdy, who advised that the only reference to RABINAVICIUS was dated 7-10-46. The Credit Bureau records reflected that RABINAVICIUS was about 40 years of age and married. His wife's name was not given. His business address was 527 Fifth Avenue, C. P. Dawson Company, agents for the New England Mutual Life Insurance Company. His residence was Post Office Box 12, Saugatuck, Connecticut. There was no litigation or trade information concerning RABINAVICIUS.

The indices of this office do not have any reference to this individual.

On January 9, 1950, a call was placed to the Boston Office at the request of Assistant United States Attorney Thomas Murphy, to Special Agent Phil Breed, and he has asked to secure the complete undergraduate record of CARL A. L. BINGER, who attended Harvard University in 1914. He was asked if possible to secure Dr. BINGER'S marks, with particular emphasis upon mathematical studies. He was requested to expedite this inquiry, and when the information was obtained to call the New York Office.

On the same date Agent Breed called back to advise that CARL A. L. BINGER had graduated from the Undergraduate School of Harvard University cum laude. It was also determined that Harvard University will not divulge its scholastic ratings in examinations except under subpoena. Agent Breed said that instant telephone call will be followed by a teletype in detail from Boston.

On January 9, 1950, a call was placed to the WFO to Special Agent Oberndorff, requesting that the passport application of Dr. CARL A. L. BINGER be examined to determine what reasons he listed for travelling abroad in December, 1929, or January, 1930.

DEAN CLARK GENERAL DIRECTOR, MASSACHUSETTS GEN HOSPITAL, INTERVIEWED AND STATED HE HAD KNOWN DR. BINGER FOR FIVE YRS HAD NO KNOWLEDGE OF ANY SUCH CHARGES, WAS OF THE OPINION THAT IF CHARGES HAD BEEN BROUGHT THEY WOULD BE BROUGHT BEFORE NEW YORK BOARD OF EDUCATION, NEW YORK COUNTY MEDICAL ASSOCIATION, OR NEW YORK ACADEMY OF PHYSICIANS. DR. STANLEY COOK CHIEF OF PSYCHIATRIC SERVICE, MASS. GENERAL HOSPITAL SAID HE HAD KNOWN DR. BINGER SINCE NINETEEN NAUGHT THREE, AND HAD BEEN AT HARVARD MEDICAL SCHOOL WITH HIM. HE BELIEVED HE WOULD KNOW OF THEM IF SUCH CHARGES HAD BEEN MADE. SUGGESTED THAT THERE WAS A REMOTE POSSIBILITY THAT THERE MAY HAVE BEEN SOME QUESTION AS TO OUT OF DISSEMINATION OF INFORMATION TO THE LAITY WHICH SHOULD HAVE BEEN CONFINED TO PROFESSIONAL CIRCLES BUT THAT WAS ONLY A POSSIBILITY AND HE HAD NO KNOWLEDGE OF SUCH.

MEMORANDUM:

Re: JAHAM

At 12:50 p.m. this date, Supervisor Phil Breed of the Boston Office telephonically advised the writer that interviews had been conducted in Boston of Dean Clark, General Director of the Massachusetts General Hospital, and also an interview was conducted of STANLEY COBB, Chief of the Psychiatric Service of the Massachusetts General Hospital.

In the course of the interview of DEAN CLARK, he stated that he has personally known CARL BINGER for about five years. CLARK had no knowledge whatsoever of any charges which had been preferred against BINGER. It was CLARK'S opinion that if such charges had been brought against BINGER, they probably would have been brought before the New York Board of Education, the New York County Medical Association, or the New York Academy of Physicians. CLARK suggested that the above three would be sources who may have information concerning any such charges. CLARK was also of the opinion that BINGER was a member of all three of the above-named associations.

Breed further stated that STANLEY COBB, Chief of the Psychiatric Service, Massachusetts General Hospital, advised at the time of the interview that he has been personally acquainted with BINGER since 1903 and had attended Harvard Medical School with BINGER. COBB stated that he had no knowledge of any charges having been preferred against BINGER. He also stated that he had never discussed with BINGER any book which was the origin of charges brought against BINGER. It was COBB'S opinion that if such facts were so he would probably have had some knowledge of them because of his close association with BINGER. COBB remarked that there was a remote possibility that BINGER may be criticized for the dissemination of information to the laity which should have been confined to professional circles. This was not further elaborated upon.

Breed advised that this constituted the essence of the above interviews, and stated that a teletype summary of the interviews would be sent immediately to New York.

MEMORANDUM:

Re: JAHAM

At 10:35 a.m., January 11, 1950, the writer telephonically contacted ASAC West of the Boston Division and furnished the following information:

AUSA Murphy today received a card in the mail which advised that Dr. EINGE had been brought up on charges for a book he wrote in Boston. The name of the book and the circumstances surrounding the "charges" were not furnished by the correspondent. The card did indicate, however, that DEAN CLARK of the Massachusetts General Hospital knew all the circumstances surrounding these charges.

The Boston Office was requested to interview DEAN CLARK in this connection for any particulars he might have, and to furnish the information obtained by the interview to this office telephonically today.
